

Tandus Centiva

ethos[®]

AT TANDUS CENTIVA, IT'S NOTHING NEW FOR US TO VENTURE OUTSIDE OUR OWN MARKET TO FIND VALUABLE ALTERNATIVE WASTE STREAMS FOR FEED-STOCK. GLASS RECYCLERS CREATE SMALL MOUNTAINS OF FILM FOUND IN DISPOSED WINDSHIELDS AND SAFETY GLASS DURING THE GLASS RECYCLING PROCESS. WE USE THIS FILM TO MAKE ETHOS®, REDUCING OUR DEPENDENCE ON RAW MATERIALS AND LOWERING OUR ENVIRONMENTAL FOOTPRINT.

CRITERIA:

MATERIAL HEALTH

MATERIAL REUTILIZATION

WATER STEWARDSHIP

RENEWABLE ENERGY AND CARBON MANAGEMENT

SOCIAL FAIRNESS

Tandus Centiva's ethos® Modular is *Cradle to Cradle Certified™ Silver v3.1*. The Cradle to Cradle® design principles provide for continual improvement and innovation around the economic, environmental and social issues of design and use of products. The purpose of the product certification program is to improve the way we design, make, use and reuse products.

ethos is made from recycled non-chlorinated polymer and is 100% recyclable. Since 1994, Tandus Centiva has diverted more than 316 million pounds of carpet and waste from landfills back into the manufacturing stream with ReStart®, our certified, closed-loop recycling program — the first in the industry. Tandus Centiva's ethos ranks among the lowest in terms of embodied energy and environmental impact according to the BEES (Building for Environmental and Economics Sustainability) Life Cycle Analysis Rating System.

ethos® Modular:

- 28%-54% Overall Recycled Content
- 28%-43% Postconsumer Content
- NSF-140 Platinum Certified
- Cradle to Cradle Certified™ Silver v3.1
