# DESIGN INSPIRATION

## MINIMALIST ELEGANCE

A world of refinement and cosmopolite people. Where the blend of classic beauty meets raw materials such as wood and concrete. Creating a new classic, a balance between sobriety, authenticity and graphic patterns. The colors are a blend of neutrals, with powders and a touch of bright accent colors.

## POETIC VIBRATION

Happiness and color are the hallmarks of this trend. A highly optimistic universe created by highly creative individuals. Brights contrasted with pastels with a touch of added grey to keep them in trend. Used as accents in interiors, on furniture or accessories to draw our attention, maybe change our perception?

## NATURAL SIMPLICITY

Is one of the most visible trend in today's interior design. A fascination, a need to be connected with the nature. People's lifestyles are driven by a meditative attitude and a high interest in ecology. It showcases the raw beauty of material with simplicity. The use of a neutral palette, white colors creates soothing, natural light atmosphere.

## NOSTALGIC FEELING

We find the warmth and comfort in a friendly atmosphere of reclaimed items, this time with an added twist of tongue & cheek humor and modernity. Colors are a mix of deep, fresh and neutrals with an added touch of bohemian style.

# OUR DESIGNER INTERVIEW

**Valérie is one of our multitalented design managers, she leads the design team who specializes in the Home Segment at Tarkett. As an expert in Home Trends, her strength lies in understanding how to translate these trends to inspire her upcoming collections. Combined with her intricate understanding of the complexity of the different markets she assures the relevancy of these design collections.**

### What are your perceptions of global trends?

Today there is a true questioning around over consumerism, there is a very strong pull back to the authenticity of products, and the origin of their roots. Simplicity, naturalness and the search of imagery that reminds us of our childhood memories that bring back comfort and wellbeing into our lives. We seek experiences over materialist goods.

### “What are your personal and professional inspirations?”

As a designer, I am curious by nature and my inspirations are diverse. Travelling creates lots of inspiration, whether close to home or in a faraway land. Along with exhibits, professional shows, social media and movies which all feed my inspiration in different ways.

### What does it mean to be a designer at Tarkett?

As Tarkett designers we are the pivot to many teams, which include marketing strategy, communication, production, installers and quality. Our products reflect the engagement and team work that happens in the current day to day as well as in our goals. Without our engagement and teamwork spirit, our collections would have never been created.

Alternate Oak Natural

# Exclusive 300+ CONCEPT SAWN

The saw marks are the signature of a handcrafted parquet and this craftsmanship contrasts with the modernity of colour-stained wood and large boards. The Exclusive 300+ Sawn home vinyl collection bridges past and present for a contemporary take on artisanal style. With our Extreme Protection surface treatment your floor is extra resistant and easy to keep clean and beautiful.

# Exclusive 260 CONCEPT GRAPHIC

The classic combination of black, white and grey is sophisticated, chic, and timeless and the geometric shapes give panache to small rooms such as bathrooms. With a large selection of matte and shiny metallic designs, the Exclusive 260 Graphic home vinyl floor collection has a distinctly urban feel. With our Extreme Protection surface treatment your floor is very resistant and easy to keep clean and beautiful.

Rustic Oak Dark Grey

# Exclusive 260 CONCEPT ILLUSION

Like nothing you've seen before, the Exclusive 260 Illusion vinyl floor collection completely reinvents wood for an entirely new conceptual experience. A range of unique modern designs including wooden planks reimagined as polished concrete, classic woods treated with metallic washes, and ministrip layers of silver and wood. With our Extreme Protection surface treatment your floor is very resistant and easy to keep clean and beautiful.

# Exclusive 240 CONCEPT TEMPORAL

Create a sense of rhythm across your interiors with our Exclusive 240 Temporal home vinyl collection. These contemporary floors are available in two interlocking allover geometric patterns -- zigzag and circle flower -- in the subdued hues of light blue, grey and beige for an overall vintage feel. With our Extreme Protection surface treatment your floor is extra resistant and easy to keep clean and beautiful.

# Exclusive 240 CONCEPT HERITAGE

Inspired by the ancient Tournai stone and rustic woods of oak and pine, the Exclusive 240 Heritage home vinyl collection immediately conveys a sense of warmth and classic beauty. The Tournai stone, a dark limestone which takes its name from the oldest city in Belgium, is transformed into a polished ceramic tile design that evokes a sense of time gone by. With our Extreme Protection surface treatment your floor is extra resistant and easy to keep clean and beautiful.

In its strive to improve its floor solutions, Tarkett reserves the right to modify their technical specifications, colours and materials at any moment and without prior notice.

# BUILDING A SUSTAINABLE FUTURE

Sustainability is deeply embedded in our vision, where we aim to develop innovative flooring solutions for better living spaces, that create value for our customers and enhance their wellbeing, whilst respecting the environment.

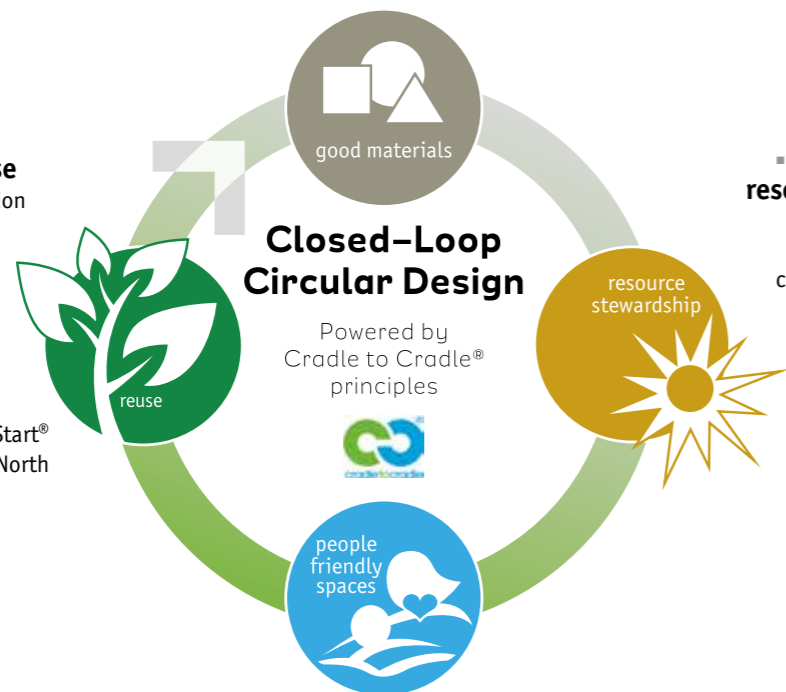

That is why we are moving from the linear economy of take, make and dispose model to a collaborative and circular economy where goods and materials are designed to be taken back, recycled, remanufactured or reused in a continuous and positive closed loop system. Our sustainable design approach focuses on four key pillars:

## Use good materials

that are safe for people and the environment and that can be reused as ingredients in new products. Since 2010, 80%<sup>1</sup> of our total raw materials have been assessed in accordance with Cradle to Cradle® principles.

## Recycling and reuse

Our circular economy vision is to develop closed loop recycling and reuse systems for all our products. To achieve this we are working in collaboration with our customers and partners through our ReStart® programs in Europe and North America.

## Responsible use of resources in operation

57%<sup>1</sup> of manufacturing sites have implemented closed loop water circuits (or do not use water in their process). 67%<sup>1</sup> of our factories have improved their energy efficiency by reducing energy consumption per m<sup>2</sup> of manufactured products.

## Products that contribute to wellbeing

At Tarkett, we have focused on reducing VOC emissions to contribute to a better indoor air quality. Our products have emissions from 10 to 100 times lower than the strictest European standards and regulations.

## People spend 90% of their life indoors

Health at home is important - from the food we eat, the air we breathe, to the floor we walk on. Today, choosing a floor is not only a decorative choice but also a decision for well-being. Consumers are increasingly conscious of their indoor environment. They are looking for healthy homes.

To help customers make an informed choice, each Tarkett product displays an information tag explaining the content of our products:

## PHTHALATE FREE TECHNOLOGY

All our vinyl floorings in Europe are produced with the phthalate-free technology\*. With a Phthalate-free technology and a low VOC emissions (as 10 times lower than the EU norm limitations) our vinyl floors are fully compliant with the REACH regulations and strongly contribute in improving the Indoor air quality.

## LOW VOC EMISSIONS

Our new flooring collection has VOC emissions levels that are ten times lower than the strictest standards in Europe, thus contributing to better indoor air quality.

## CLEAN AND HYGIENIC

Did you know that Tarkett vinyl flooring solutions don't need any detergent to be cleaned-up?

Vinyl is a practical and hygienic flooring. We've extended the use of our PUR surface treatment to all our ranges making them highly resistant and very easy to maintain with simple vacuuming/mopping and minimal use of water and cleaning products.

## 100% RECYCLABLE

We use recycled materials from our own production sites in our various recycling centers. We also recycle materials from other industries, and from post-installation flooring. We design the products of today to become the raw materials of tomorrow.

# RANGE OVERVIEW

# THE RIGHT ACCESSORIES FOR INSTALLATION AND FINISHING

## SPRAY ADHESIVE – TARKOSPRAY

Spray acrylic adhesive for rolls.

> **Key features:**

- Easy installation: spray and lay, no tools required
- Quick solution: installation 70% faster
- Eco-friendly: non toxic, 0 CFC, non flammable, easy removal at end of life

> **Packaging:** 1 box = 12 bottles, 1 bottle = 12m<sup>2</sup>

## SELF-ADHESIVE DECORATIVE SKIRTINGS

### SEMI-RIGID SKIRTING – KS61

Self-adhesive semi-rigid skirting for decorative use with upper and lower soft lips.

> **Key features:**

- Smooth surface
- Easy installation: semi-rigid and self-adhesive structure
- Easy cleaning and maintenance

> **Size:** 60 mm high x 15 mm thick lower lip x 2500 mm long

### FLEXIBLE SKIRTING – ISF 60

Self-adhesive flexible skirting for curved walls and pillars with upper and lower soft lips.

> **Key features:**

- Easy installation: both sides self-adhesive and flexible structure
- Floor covering to be inserted for perfect colour-matching

> **Size:** 60 mm high x 7 mm thick lower lip x 2500 mm long

- Medium Grey - 1461 009
- Light Grey - 1461 011
- Very Light Grey - 1461 012
- Dark Brown - 1461 013
- Dark Red - 1461 018
- Night Blue - 1461 037

- White - 1463 007  
RAL: 9016 / NCS: S0300-N
- Silver Grey - 1463 002  
RAL: 7004 / NCS: S4000-N
- Steel - 1463 003  
NCS: S4500-N

## TRANSITION PROFILE

### SELF-ADHESIVE TRANSITION PROFILE – MT40SA

Self-adhesive aluminium threshold strip to provide a transition between flooring materials of similar thickness (thickness difference: 1 mm).

> **Key features:**

- Easy and quick installation: self-adhesive surface
- Elegant finish with sophisticated colors.

> **Size:** 40 mm wide x 2 mm thick x 2700 mm long

- Silver - 1470 008
- Bronze

## STAIR NOSING

### SELF-ADHESIVE STAIR NOSING – MSN24SA

Self-adhesive decorative stairnose, made of aluminium with ribs. Long riser fitted over covered stairs alongside platforms such as stands and podium.

> **Key features:**

- Ribbed surface for slip-resistance
- Quick and easy installation: self-adhesive surface
- Elegant visual finish

> **Size:** 20 mm high x 24.5 mm wide x 2 mm thick x 2700 mm long

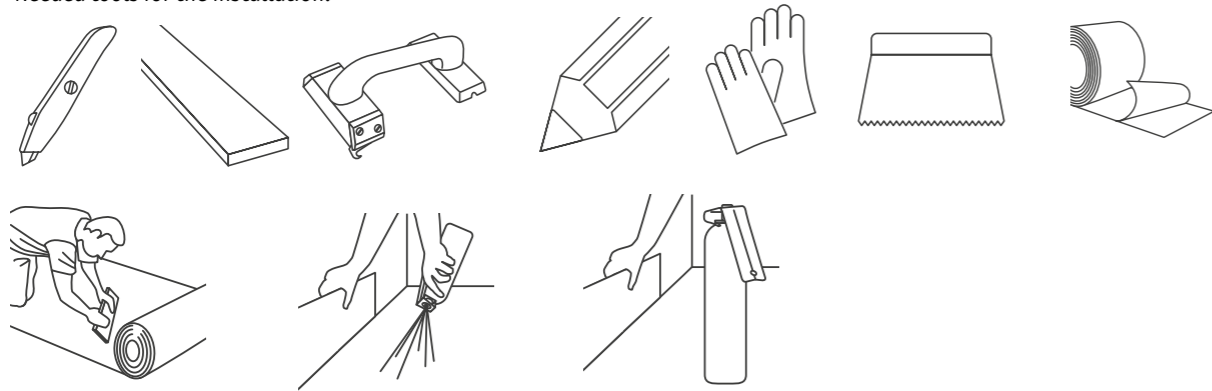

- Silver - 1434 001

# EASY INSTALLATION PRODUCTS

for more detailed instruction, please refer to our detailed installation instructions

- Floor covering exclusively for interior residential use.
- Contact your Tarkett retailer if you are unsure about any part of the installation.
- Store the 2m rolls upright in a safe position and the 3 or 4m rolls laid on the floor.
- The subfloor must be flat, level, clean, without marks (no felt pen, marker, etc.), sound, dry, solid, hard, smooth and not exposed to moisture (humidity rising). Absorbency must be checked.
- Use adhesives recommended by Tarkett. Always follow the adhesive manufacturer's instructions.
- The installation must be completed with a thorough-cleaning and make sure that the newly laid floor is free from adhesive residues.
- This information is subject to change due to continuous improvement.
- Needed tools for the installation:

## Prepare

Check the subfloor and prepare it if needed (please check next page for preparation).

Leave the vinyl roll at least 24 hours in a minimum room-temperature of 15°C.

## Unroll

The floor should run parallel to the incoming light in square rooms, and along the length of the room in narrow rooms.

The sheets should be laid so that joints do not coincide with doorways.

it is recommended to let the Vinyl sheet relax unrolled in place 24h before final installation.

## Adjust

Place the floor in the right positioning.

Cut excess vinyl on the outskirt

Secure the edges (including joints in the middle of the room) with double tape on the sides, for a semi-glued or a loose lay installation.

Clean your vinyl floor with hot water and a neutral cleaning product and then rinse.

## 10 Healthy home tips to help improve their indoor air quality

- Open windows as often as possible
- Remove dust regularly
- Ventilate rooms that tend to become humid
- Rearrange furniture regularly
- Daily maintenance: sweep or vacuum your floor
- Periodical cleaning: use warm water and natural ph-neutral cleaning products to wash your flooring - Detergents are an important source of indoor-air-pollution
- Avoid floors that tend to have cracks and seams
- Use ecological spray glue or adhesive-free floors
- Choose a healthy and hygienic solution like vinyl!

Type of subfloor - Installation	Fully Glued - Large Area > 25 m <sup>2</sup>	Semi-Glued - Medium areas < 25 m <sup>2</sup>	Loose Lay - Small areas < 12 m <sup>2</sup>
<b>NEW SUBFLOOR</b>	✓	✓	✓
	The subfloor must be level, flat, clean, free from marks (no felt pen, marker of any type, ballpoint pens, paint, etc., that could cause discoloration due to migration), dry, solid, smooth and not exposed to moisture. Absorbency must be checked and corrected if needed with an appropriate primer or levelling compound.		
<b>Linoleum coverings</b>	✓	✓	✓
	Existing flooring must be in good condition (no disbonding, no cracks...) and cleaned (grease and dust removed). Vinyl Rolls is not recommended for installation on very flexible plastic coverings (textile or foam backing).		
<b>Old Vinyl floor covering</b>	✗		
	These would be very flexible plastic coverings (textile or foam in the backing). Please remove any existing vinyl covering before installation.		
<b>Carpet and other textile coverings</b>	✗		
	Remove the flooring before the installation		
	✓	✓	✓
	Where there are no joints and the strips are not loose; any loose plank must be secured.		
<b>Parquet and laminate flooring (glued down and floating)</b>	✓	✓	✓
	Make sure to sand and vacuum existing wooden flooring before installation. If there is a risk to block humidity in the subfloor, glued installation is not recommended.		
<b>Ceramic tiled flooring</b>	✗		
	Installation on tiles could cause telegraphing effect (visible joints of tiling on the Vinyl Rolls surface). That's why Vinyl Rolls is not recommended on tiling. A leveling compound has to be used first to ensure level and flatness. When joints are not visible, loose laying or gluing can be admitted. Grease and dust have to be removed.		
<b>Accessories to be used for installation</b>	Tarko Spray	For Semi Glued and loose laid installation, double sided tape adhesive is recommended. The aim is to ease the installation, to maintain the floor in place and when installed to secure it.

# LIVING WITH UNLIMITED CREATIVITY

Tarkett is a global leader in innovative flooring solutions that generate value for customers in a sustainable way. Our balanced business model is supported by a decentralized organization and a shared commitment to sustainability, ethics and excellence.

We offer customers one of the broadest product portfolios in the flooring and sports surface industry, providing integrated and coordinated solutions to professional and residential end-users all over the world.

Our 34 industrial sites, 12,000 employees and sales in 100+ countries put us in close contact with customers and suppliers everywhere in the world. Globally, we drive operational excellence, commitment to our values and innovation, while empowering local teams to manufacture and design products and services suited to local customer needs and trends.

Tarkett is also committed to protecting our planet and bringing a sustainable lifestyle to all people, while addressing society challenges such as urbanization, population aging and resource scarcity. We aim to contribute to people's well-being and to the development of the circular economy powered by the Cradle to Cradle® principles, in partnership with external players.
