## EDITORIAL

**Play time!**

Today's stylish, distinctive spaces are created from the floor up. Flooring sets the tone, blending architecture and design into a unique visitor experience.

To enhance this experience, you can mix products, create spaces with zoning, play with transitions and use our wonderful colour palette to give a project, a whole new personality.

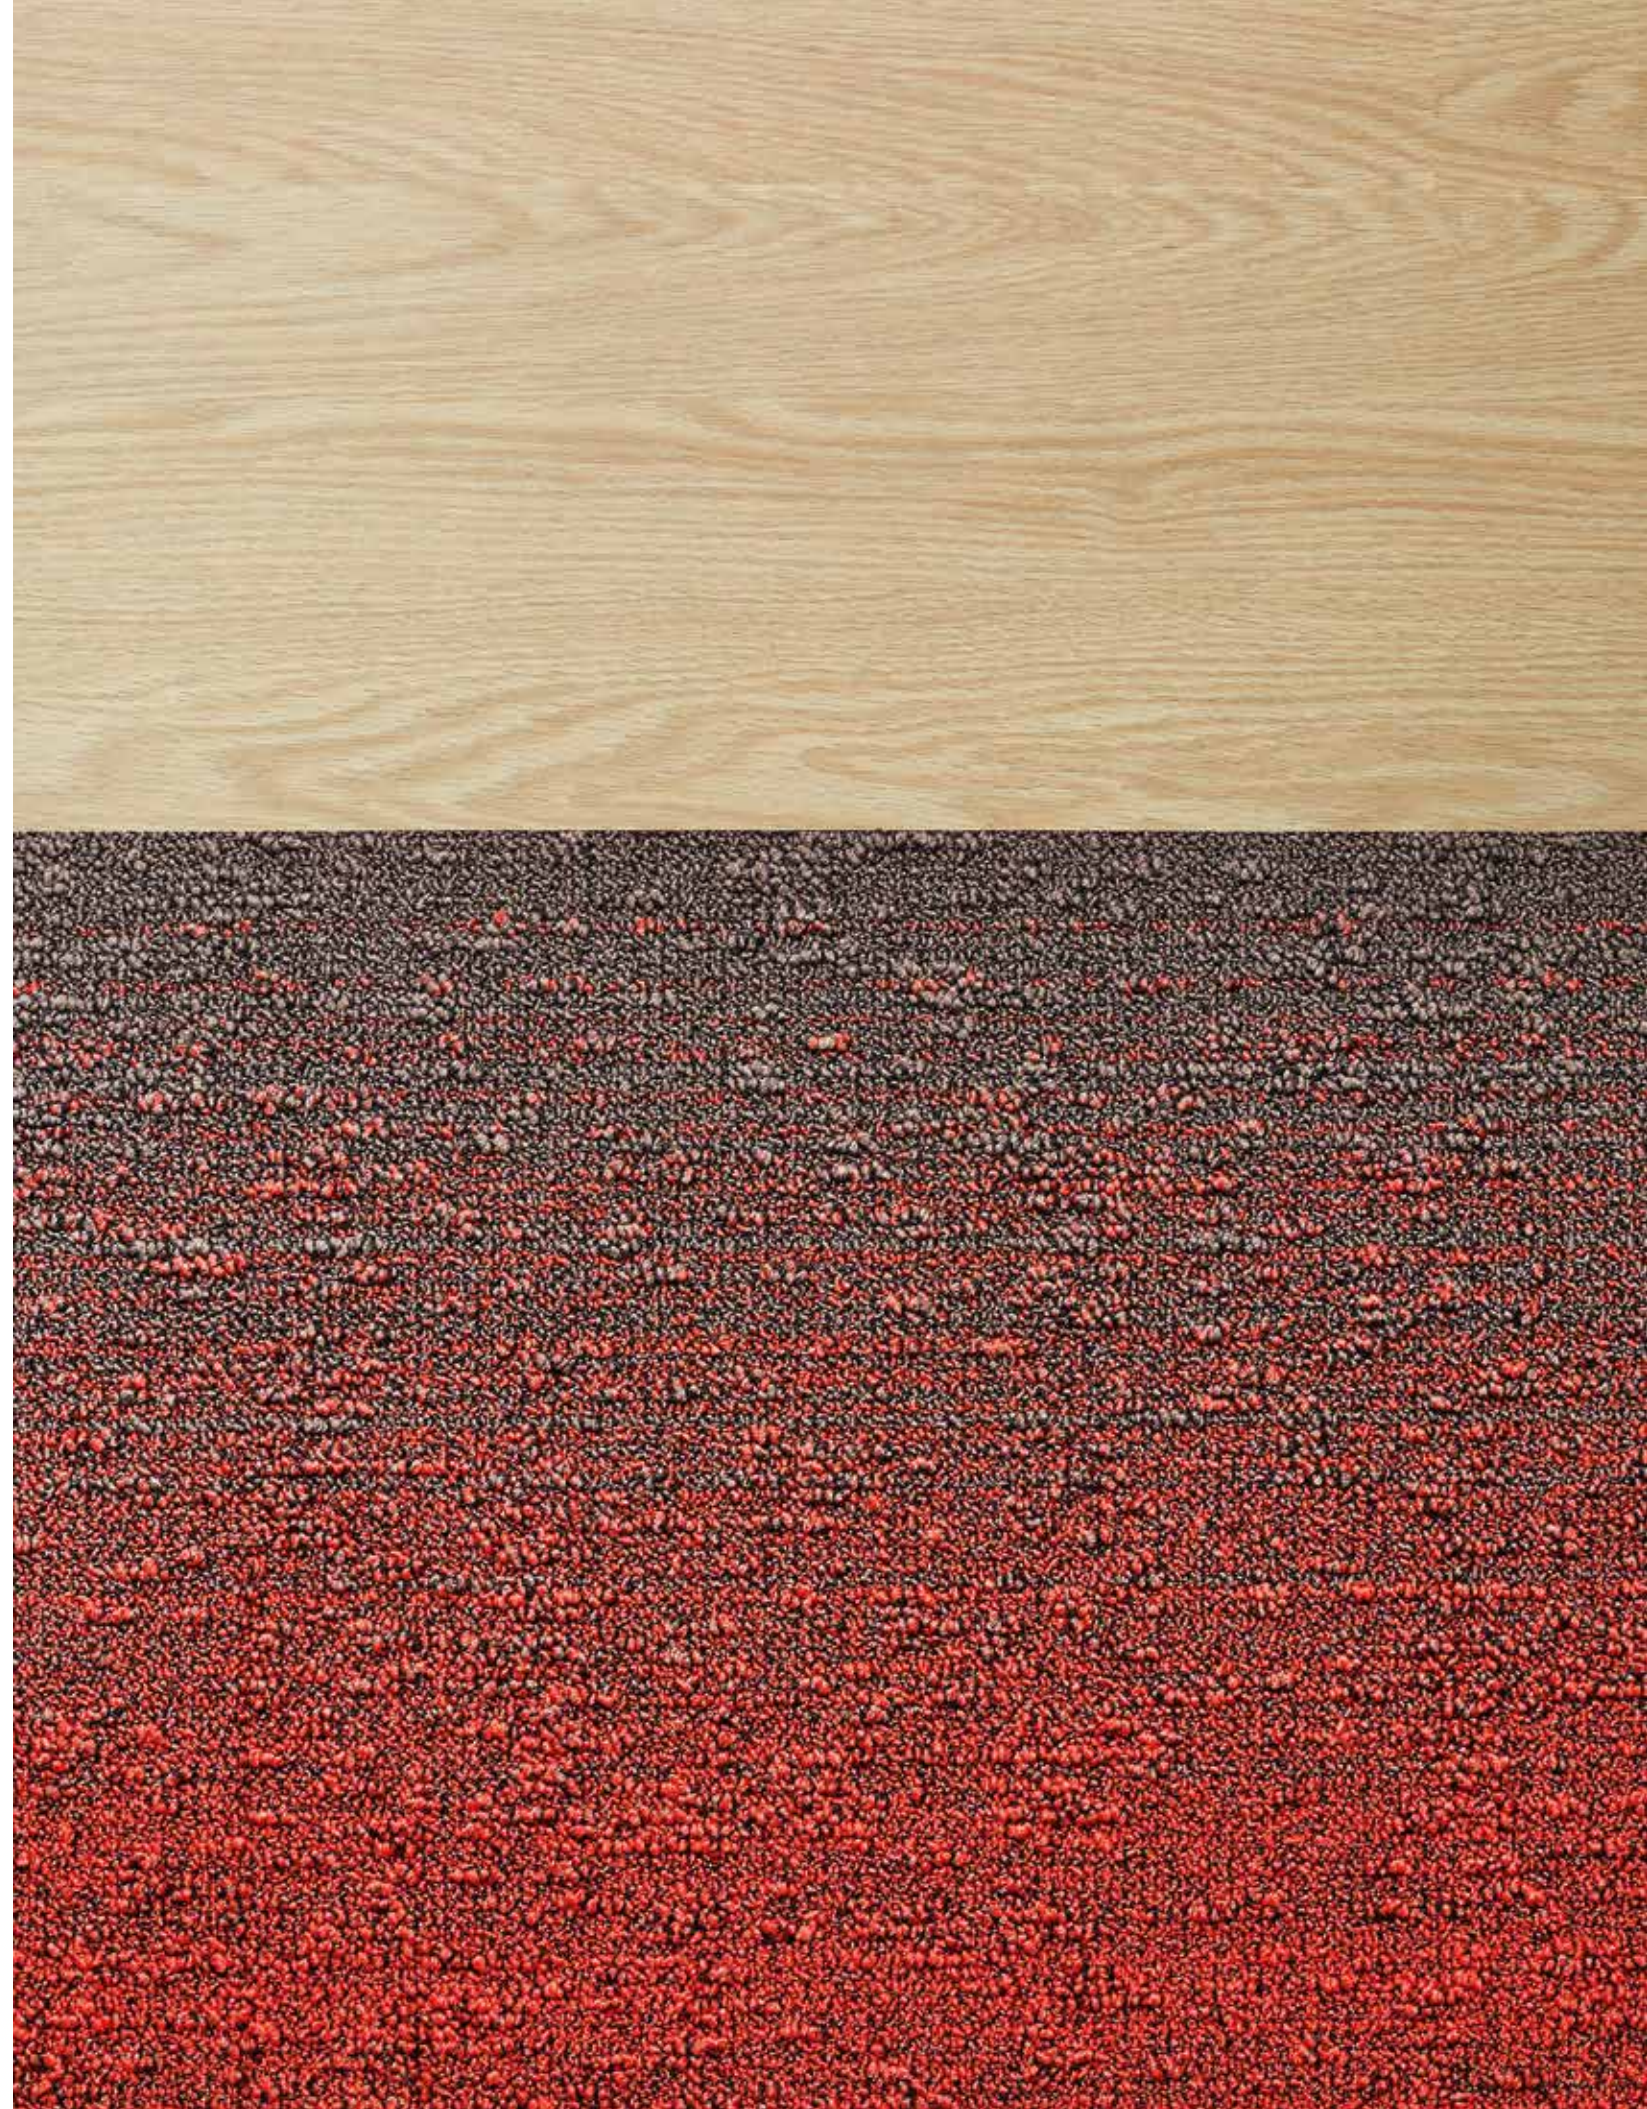

Tarkett products outstanding modularity and easy installation provide possibilities as infinite as your imagination.

**Get creative with Tarkett, because floor is the new playground.**

# Play with transitions

# PLAY with transitions!

JUST FOR FUN

Subtle or bold, soothing or colored, transitions can show a path, split a room or just be amazingly creative.

# TELL a story!

SPECIAL TREATMENT FOR SPECIAL PLACES

Some spaces command a full story from the floor up. Follow where the concept leads you. Flooring with a story on it's own can create or support branding.

# PLAY with colours!

SHOW YOUR TRUE COLOURS

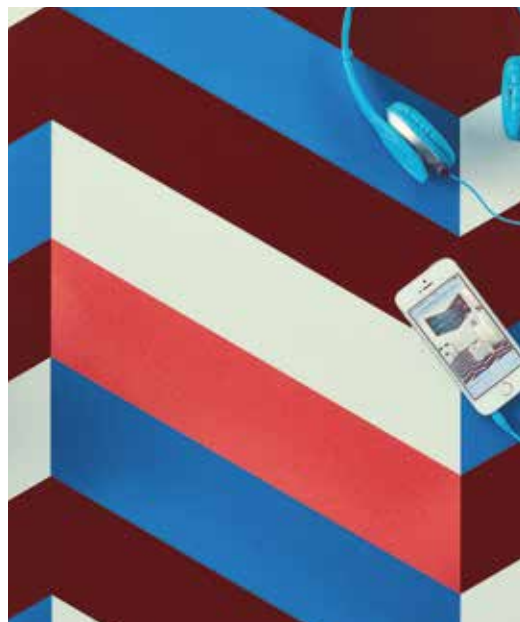

Don't compromise with neutral shades when you have a whole palette to play with. Pastel or primary, subtle or bold, colour is the new black. Dare to be different with a colour-rich floor and make the space your own.
